

Serial No.: 10/018,662

REMARKS

Reconsideration of the rejection of claim 26 under 35 USC 112 is requested in light of the above amendments.

Reconsideration of the rejection of the claims as unpatentable over the Dillard is respectfully requested in light of the amendment to claim 18 wherein means for providing the recited luminous power densities is recited. Dillard has no suggestion of this feature.

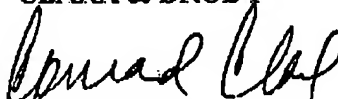

Reconsideration is respectfully requested of the rejection of the claims as unpatentable over Fraas in view of Tantraporn. It is submitted that there is nothing in these references that would have led one of ordinary skill in the art to apply the techniques of Tantraporn to provide the structure now set forth in the claims.

The examiner's comment regarding a potential double patenting rejection is noted. This has been obviated by the above amendments.

Accordingly, it is submitted that this application is in condition for allowance, and an early indication thereof is respectfully requested. The examiner is invited to contact the undersigned if any matter remains outstanding.

All necessary extensions of time are requested. Please charge any necessary fees and credit any excess to deposit account 50-1088.

Respectfully Submitted,
CLARK & BRODY
